EXPERIENCE

Afghan Web, Herat — *Software Developer*

March 2022 - May 2023

Key responsibilities:

- ★ Designed, developed, and maintained software applications using various technologies.
- ★ Collaborated with clients to understand their requirements and deliver tailored solutions.
- ★ Conducted thorough testing and debugging to ensure high-quality and bug-free software.
- ★ Provided technical support and troubleshooting for deployed applications.

Notable accomplishments:

- ★ Integrated continuous integration and deployment (CI/CD) pipelines, resulting in faster and more reliable software releases.
- ★ Developed an automated testing framework, reducing manual testing efforts by 60% and improving software quality.
- ★ Collaborated with the team to identify and resolve software defects, ensuring high-quality deliverables.

Hariwa University, Herat — *Head of Database Departement*

June 2023 - Present

As a dedicated educator at Hariwa University in Herat, I lead the Database Department, where I impart knowledge and expertise in subjects such as Algorithm, Data Structure, Programming 1, and Programming 2. Additionally, I provide comprehensive instruction in MySQL database management, ensuring that students gain proficiency in this essential aspect of modern web development. With a passion for teaching and a commitment to fostering a dynamic learning environment, I strive to empower my students with the skills and insights necessary to excel in their academic pursuits and beyond.
